

Notice of change to the Multi-currency Cash Passport Product Disclosure Statement and Terms & Conditions

Effective: 2 May 2022

As a Multi-currency Cash Passport cardholder, we want you to know about key changes to the Multi-currency Cash Passport product.

On 21 February 2022, we stopped charging the online Cash Out fee of \$10.

From the effective date of this notice the Debit Card Load fee will be amended to 0.5% of the load amount (previously a flat fee of \$5 per transaction) and the Debit Card Load Fee row of the Fees and Limits table in the Product Disclosure Statement and Terms and Conditions will show as:

Debit Card Load fee (including Initial Loads and Reloads)	Each time you load or reload your Card using your debit card (additional to any other applicable fees) via web/mobile Note: you may be charged other fees by third parties for the transaction (e.g. your debit card issuer)	0.5% of the amount loaded, per Debit Card Load transaction

The above change will appear in the Multi-currency Cash Passport Product Disclosure Statement and Terms and Conditions effective from 2 May 2022.
